**PRELIMINARY PROJECT REPORT FOR VILLAGE / HAMLETS AT
KECHALA, KORAPUT DISTRICT, ODISSHA.**

➤ **TOTAL NUMBER OF VILLAGE / HAMLETS VISITED: 5**

1. VILLAGE: Girlaguda.

- Number of Houses: **30.**
- Number of Toilets made: **30.**
- Sewage Disposal / Treatment Tanks: **NO SPECTIC TANKS.**
- Number of Hand Pumps required: **5**

2. VILLAGE: Liduguda, Novaguda, Panasgoda.

- Total Number of Houses: **50.**
- Number of Toilets made:
- Sewage Disposal / Treatment Tanks:
- Number of Hand Pumps required: **5**

3. VILLAGE: Janiguda.

- Number of Houses: **50.**
- Number of Toilets made:
- Sewage Disposal / Treatment Tanks:
- Number of Hand Pumps required: **2**

➤ **Requirements to make a Quote:**

- Total number of Toilets to be constructed.
- Total number of sewage treatment Tanks to be installed.

Anurag Agnihotri,

Green Thought Environmental Solutions.

Dated: April 6, 2015.

GREEN THOUGHT

MEMORANDUM OF UNDERSTANDING

We, the Undersigned, representative of *Auro-Mira Service Society*, operating from Sri Aurobindo Ashram, Delhi Campus, Sri Aurobindo Marg, New Delhi 110016. India.

and

The Undersigned, representative of **Green Thought Environmental Solutions LLP.**, operating from 25 – D, Vijay Mandal Enclave, Hauz Khas, New Delhi 110016. India.

HERE BY RESOLVE TO:

1. Collaborate in The Green Sanitation Campaign to make India a Green Sanitized country.
2. Support each other in Green Sanitation Programs that are deemed worthy by both the organizations.
3. Join to aid each other's Initiatives in the field of Green Sanitation where compatible.
4. Assist each other in publicity where the Goals are seen as mutually acceptable.
5. Co-operate in other Sanitation related areas, on an On-Going Basis, as necessity dictates.

Similarly, the case-by-case judgments as to the nature and degree of partnering, in the areas indicated, are to be sole prerogatives of each Party to this understanding, to be exercised subject to mutual consultation and agreement.

.....
Shri. Pranjal Jauhar

Secretary

Auro-Mira Service Society.

*Sri Aurobindo Ashram,

GREEN SANITATION CAMPAIGN

To,
Ms.
District Magistrate,
Koraput, Odisha.

Subject: *Make India a Green Sanitation country.*

Dear Madam,

We take this opportunity to introduce 'GREEN THOUGHT ENVIRONMENTAL SOLUTIONS.', and '*Auro-Mira Service Society.*', both organisations are dedicated for the cause of Sustainable living in India. Since more than 60% of Indian population is deprived of toilet facilities and open defecation is a big health hazard.

We have launched a **GREEN SANITATION CAMPAIGN** for a healthy and hygienic life style to promote general well being of our population, especially in the rural areas of India. The project will be executed under the guidance of *Auro-Mira Service Society*, in partnership with villagers, thus providing them employment opportunities & making them hygiene conscious.

THE GREEN SEWAGE TREATMENT SYSTEM:

The Green Sewage Treatment System uses Bacterial Consortium that degrades night soil and produces colorless, odourless fertile water with an inflammable gaseous effluent.

It requires no sewage-line connection or additional septic tanks for disposal of black water or waste from toilets. There is no dependence on limited and costly conventional energy sources like Electricity. This technology is completely maintenance free and a continuous biological process, which disposes human waste in 100% eco-friendly manner. The smell of night soil, disease causing organisms in the night soil and solid matter are almost eliminated. While the negligible gaseous effluent is let off into the atmosphere, the liquid effluent being an organic liquid fertilizer, can be channelized for gardening or agricultural use.

This technology was developed & patented by Department of Research & Defence Organisation (DRDO). It has been extensively used by the Defence Forces for a number of years and is now being extended to civilian/ commercial use.

Kindly help us to develop, customized sanitation solutions for a collaborative effort in promoting the **GREEN SANITATION CAMPAIGN** for a cleaner & healthier environment.

Thanks & Regards

Anurag Agnihotri
